## From editor's desk:

The 4th and final quarter was yet again filled with accomplishments and new ventures for the Society.

The highlight was the foundation laying ceremony of the 12th hospital of the Society at Vrindavan, Mathura. The proposed 300 bedded super specialty facility will be equipped with latest treatment modalities and other facilities.

Society celebrated the birth anniversary of their ideologue, Swami Vivekanand by releasing the first annual calendar thus marking a landmark moment in the history of the Society.

Also the Society continued the community interaction drive in the month of January and was overwhelmed by the affection and respect received from all quarters and sections of the society.

Initiation of Spine OPD and Surgery facility at Dharmawala hospital was another first in the history of the Society. A notable fact here is that the total expenditure of the Spine Surgery amounts to only 5 - 10% of the total cost as compared to the other hospitals thus proving to be a boon for the patients coming from lower socioeconomic strata.

New initiatives kept on accumulating when the Society collaborated with Sri Sathya Sai Sanjeevani International Centre for Child Heart Care & Research, Palwal, Haryana for free Paediatric Cardiology consultations and Surgeries. The Centre will conduct free Paediatric Cardiology OPD at Society's Haridwar hospital on 3rd Sunday of every month as well as operate any patient referred by Society hospitals free of cost at their Centre.

There was a temporary scare of Omicron variant of COVID and yet again rising to the occasion, all the Society hospitals kept fully functional their entire spectrum of services and were treating the patients in OPD as well as in IPD,

Lastly festivals and other events were celebrated with joy and traditional fervour. Society's staff exhibited their extra-curricular skills in the annual sports festivals held in the last month of the quarter.

The Society is now poised to enter the next year with lots of hopes, beliefs and dreams to realise. The Society is grateful for the unequivocal support provided by their patrons and guardians.
